

bee eczema educated!

Cheryl Talent Eczema Association President

Cheryl Talent, President of the Eczema Association of Australasia Inc has been an eczema sufferer for most of her life, starting when she was just a few days old. Born in Melbourne, she moved to Queensland twelve years ago and became involved with the Association in 1997 after having the worst flare-up of eczema since she was a baby.

Her involvement in the EAA provided the education and tools to enable her to keep her eczema mostly under control and she believes that this is the key for most eczema sufferers.

She is also passionate about the EAA's role in helping eczema sufferers and their carers towards a better quality of life and being a shoulder to lean on when things get too much.

To organise an interview with Cheryl Talent, please contact the Eczema Association of Australasia Inc on 07 3206 3633.
